MEMORANDUM FOR: Assistant Director, Central Reference

SUBJECT: Appreciation

1. The PIC recently completed a study in response to a specific OSMAIC requirement with a relatively short deadline. In the preparation of the study, the PIC received excellent and timely support from the following CIA Library personnel:

25X1

2. Specifically, these five people completed document citations, checked security classifications and dissemination restrictions, and validated proper identification of the originating component. All of this greatly facilitated our own task, and I should be most grateful if you would convey my personal appreciation and that of the PIC to the above-named individuals for handling our request in such an expeditious and professional manner.
